Page 10, line 8, please cancel:

"Fig. 7 shows the embodiment of the mixer with concentric channels."

and substitute:

—Fig. 7 shows a static mixer module with concentric channels.

Fig. 8 shows cross-sectional view 8-8 of the static mixer module of Fig. 7.—

IN THE CLAIMS

Please cancel the previous version(s) of the following claims and replace them with the following rewritten versions. Marked up copy/copies showing the amendments since the previous version(s) is/are annexed as separate page(s).

DFH Claim 1 (three-times amended). Static mixer module, comprising a one piece disc having a front side and a rear side which is provided with a multiplicity of orifices and which is structured on its front side by inlet channels and on its rear side by mixing channels running parallel to each other or concentrically to each other, and defined by channel walls, and in which the orifices pass through the walls defining the mixing channels.

DFH Claim 2 (twice amended). Static mixer module according to Claim 1, wherein the inlet channels, the mixing channels, or both, have straight channel walls which are at an angle α of 5 degrees to 85 degrees to the plane defined by the circumference of the disc, on the front side of the disc, of the plane defined by the
